BSA's 11th Annual Gingerbread Design Competition and Exhibition features 16 climate-ready gingerbread entries.

Boston (December 20, 2022)—The BSA is pleased to announce the winners of its 11th annual Gingerbread Design Competition & Exhibition. This year's competition theme "**Climate Ginger-Ready Boston**," a play on the City's Climate Ready Boston initiative, invited participants to explore climate solutions through an edible medium. The BSA encouraged all forms of creative, sustainable, climate-resilient gingerbread designs that speak to the unique challenges that Boston faces.

The Gingerbread Design competition is a fun and tasty way to highlight great works of edible architecture while also raising funds for the BSA. We are pleased to announce that we raised a total of \$5,860 during this year's exhibition. These funds will help support the ongoing work of the BSA.

This year's Gingerbread Competition winners are as follows:

- **Golden Rolling Pin Award** for Judges' Choice goes to "A Re-imagined Chinatown for Regenerative Healing" by CannonDesign
- **Golden Whisk Award** for most amount of money raised goes to "ICA Prepared" by Array Architects
- **Golden Spatula Award** for most number of contributions goes "Elevated Winter Wonderland" by MASS Architect
- **People's Choice Award** for most number of likes on Facebook goes to "Love that Dirty Water" by Leanna Femia and Bianca Rosado
- Honorable mention for most multi-dimensional goes to "Harborwalk-ing in a Winter Wonderland!" by Flansburgh Architects
- Honorable mention for best layered approach to sea level rise goes to "NO MORE GINGERLY PACE - Climate Action Now" by East Side Studio Architects with Katelin Caldwell
- Honorable mention for nature based approach goes to "Gummy-bear Park: Nature Based Solutions for a Resilient Coastal Ginger-scape" by CBA Landscape Architects
- Honorable mention for best architectural detailing goes to "Chart House Urban Pedestal" by Leonardi Aray Architects with Anne McKinnon, Jeffrey Ferris & Diva DeOliveira

About the Boston Society for Architecture

The Boston Society for Architecture (BSA) is a partnership between the Boston Society of Architects (BSA/AIA) and the BSA Foundation (Foundation). The BSA operates as a convener, educator, and action leader to ensure that the power of design is fully employed in creating solutions to the equity and climate crises of our time.

As a member-led association, the BSA/AIA is one of the oldest and largest chapters of the American Institute of Architects (AIA) in the United States. Comprised of world-renowned architects, designers, engineers, builders, and other industry professionals, we benefit from a committed membership who are some of the leading thinkers and innovators in professional practice today. The Foundation is a community organization dedicated to improving lives for all in Greater Boston through design. For more information, visit architects.org.
