

WHAT IS THE BSA LEADERSHIP CIRCLE?

The BSA Leadership Circle honors and celebrates donors who generously contribute a minimum of \$2,000 annually to the BSA Foundation for three consecutive years. These dedicated supporters provide sustainable and reliable funding that empowers us to pursue ambitious, long-term projects aligned with our vision and mission.

OUR VISION

We believe architecture is for everyone. At the core of this belief is creating equitable ways of designing, collaborating, building, and living. The BSA Foundation is committed to being an innovative leader, educator and a convener of ideas that help foster just and sustainable communities.

OUR MISSION

The BSA Foundation, established by the Boston Society of Architects/AIA (BSA/AIA), builds a better Boston by connecting the profession to the community, inspiring vision, and provoking positive change.
